# Ultrasky Flat Skylight Product Specification

## SIZES

The Ultrasky Flat Skylight is designed around maximum uninterrupted sight lines and is available in a number of square or rectangular sizes ranging from 600mm x 600mm and going up 2500mm in Length (dependant on dimensions, see price list).

## GLAZING

The highly thermally efficient glazing will help reduce heat loss and noise pollution, whilst letting the maximum amount of light enter your room.

**Glass outer layer** – 6mm Toughened Opti Neutral  
**Cavity** - 16mm Argon filled cavity with warm edge spacer.

**Glass inner layer** – 4mm or 6mm (size of roof light dependent) high performance low E toughened
